

Renovation and expansion of the Isabella Stewart Gardner Museum

L'ampliamento progettato da RPBW aggiunge un prezioso tassello al nucleo principale del celebre museo che nel 1903 la mecenate Isabella Stewart Gardner volle a Boston. Le nuove gallerie espositive sono servite da un generoso atrio vetrato che, aperto sull'Evans Way Park, costituisce il nuovo ingresso del museo, riorganizzando il percorso di visita ed aumentando considerevolmente le superfici per le attività collaterali.
