

Auditorium Niccolò Paganini

The Auditorium is the result of a conversion of an existing structure in an urban context. The old Eridiana sugar factory was an empty brick structure of just the right size and volume to be turned into a harmonious «music box». The project was part of a more general plan for the reuse of the area: on the same site stood the Barilla pasta factory, the public slaughterhouse, an agricultural cooperative and various service infrastructures.

Dati Progetto

Design	1996-1999
Construction	1999-2001
Site area	73.610 m2
Total floor area	7.570 m2
Height	25 m
Width	94 m
Floors	Auditorium: foyer +1 Reharsal room: 3+1 basement
Theatre	780 seats

Credits

Client	City of Parma
Architect	Renzo Piano Building Workshop
Consultants	Muller BBM (acoustics); P. Costa (structure); Manens Intertecnica (services); Paghera (landscaping); Studio Galli (civil engineering); Gierrevideo (audio-video equipment); Amitaf (fire prevention); Austin Italia (cost control); F.Santolini (interiors).
